# Terms and Conditions

## QUALIFYING PARTNERS

Roma Moulding is a manufacturer that wholesales through a distribution model to trade only. To qualify as a Roma Moulding customer, you must be actively involved in the picture framing business or an allied industry. The business entity must be supported by an appropriate business license and have a Resale Tax number.

## PAYMENT TERMS / INITIAL ORDER

Subject to credit approval, all orders require credit card payment. Upon approval of credit, payment is due 30 days from date of invoice. A 2% surcharge will be added to overdue accounts monthly.

## PLACING AN ORDER

## CORNER SAMPLES

Roma samples are joined and velcroed. They are ready for display and are the property of Roma Moulding Inc.

## LENGTH ORDERS

When placing your order, please specify your cutting instructions to help reduce oversized shipping charges and assure accuracy.

For example, a 10' length to be cut into 5' and 5'. Unless you request a specific length, Roma Moulding will cut length moulding in the following sizes : 9' to a 5' and a 4' ; 10' to a 6' and 4' ; 11' to a 6' and 5' ; 12' to a 7' and 5'. Roma Moulding will ship a minimum of 5'. For example, if an order is placed for 12' and we are unable to meet the 12' request, you will be shipped a maximum of 15'.

If you are unable to provide specific cutting instructions, please provide your frame sizes and Roma Moulding will cut accordingly in order to reduce shipping charges. When placing orders for moulding lengths, identify the minimum amount of length that is required. Roma Moulding will ensure we do not ship below this amount. Roma Moulding will make every attempt to ship as close as possible to your length requirement.

## LENGTH & BOX PROGRAM FOR SIMPLY ROMA (SR)

When placing your order, please specify total footage needs of any moulding. Our price list shows the approximate footage per box of each moulding.

Boxes may have a variance amount of footage from the stated box quantity amounts. Invoicing will reflect actual footage.

Box Program for full, unopened /unaltered box orders only.

## JOINING CHARGES

Up to and including 36 united inches: \$10.00  
37–59 united inches: \$16.00  
60–99 united inches: \$24.00  
100+ united inches: \$30.00

## TO DETERMINE THE PRICE OF A JOINED FRAME

1. Calculate the length of moulding needed by adding the chop size of each rail and then add the width of the moulding twice (this allows enough moulding for the mitre cut)

For example: Moulding 14170001 – 2 ¾" wide chop/joined size 16"x20"

16" + 5.5" ( width times two ) = 21.5"

20" + 5.5" ( width times two ) = 25.5"

Length: 2 rails @ 21.5" = 43" divided by 12" = 3.6'

Length: 2 rails @ 25.5" = 51" divided by 12" = 4.3'

Total footage required for a joined frame = 8' ( rounded up from 7.9')

2. Total length required for moulding 14170001 is 8'. Refer to Chop Price column in current price list. Chop price is \$10.23 per foot. Multiply total footage of 8 feet by chop price: 8 X \$10.23 = \$81.84 this equals the chop price of this frame.
3. The joining charge must be added to the chop price. To calculate the joining charge first determine the united inches. The 16"x20" frame is 36 united inches. Refer to the Joining Charge section in the current price list for the joining charge.

\$81.84 ( chop price ) + \$10.00 assembly fee = \$91.84

Total cost of the joined frame 14170001 @ 16 X 20 = \$91.84

Prices subject to change without notice.

All chops and joined frames have a standard 1/8" allowance unless otherwise stated.

## WEDGE LOCK PLUGS

Available at \$ 6.00 per frame and \$8.00 per frame requiring double wedge locks.

## SHIPPING SERVICE
